PERSONAL PROJECTS

Bank System and Database Management System (12/2022 - 12/2022)
- Database Management: The system would have a centralized database for storing and managing customer information, account information, transaction records, and other data related to the bank's operations.
- Account Management: Customers would be able to open, view, and manage their bank accounts through the system, including checking account balances, transferring money between accounts, and viewing transaction history.

Personal Portfolio Website (11/2022 - 11/2022)
- Build personal portfolio using HTML ,CSS ,JavaScript,Jquery and Bootstrap.
- The site would have a user-friendly interface that would be easy to navigate and responsive, so it can be viewed on any device.

Ecommerce Website Using Wordpress (05/2020 - 06/2020)
- Built an Ecommerce website for my personal business using WordPress and different plugins.

2BHK House Project (08/2020 - 11/2021)
- I have designed and supervised a construction of 2BHK house for about a year.

CERTIFICATES

EDGE - JAVA Course FORTUNE CLOUD TECHNOLOGIES GROUP, PUNE Duration 4 Months: (07/2022 - 02/2023)
